

# INVITATION

## Workshop on Eco-Innovation in Industry

28 June 2017 | Emperors Palace, Kempton Park

Join us at the Eco-Innovation Pilot Project workshop which will showcase how companies can improve economic competitiveness through eco-innovation methodology.

The project is a collaborative initiative between the National Cleaner Production Centre South Africa (NCPC-SA) and United Nations Environment Programme (UNEP).

The programme will focus on challenges and opportunities for SMEs. Topics will include:

- **Eco-Innovation Pilot Project case studies**
- **Eco-Innovation landscape in South Africa**
- **Life cycle thinking**
- **RECP and supply chain pressures**

**DATE:**  
Wednesday, 28 June 2017

**TIME:**  
08:30 for 09:00 – 14:00

**VENUE:**  
Emperors Palace, Kempton Park

**RSVP:**  
On or before Monday,  
26 June 2017

To confirm your attendance, email us your details to [ncpc@csir.co.za](mailto:ncpc@csir.co.za), or visit our website and register online: [www.ncpc.co.za](http://www.ncpc.co.za)
